

AUTOMOTIVE POWDER COATING PRICES

All prices include masking all threads, stripping, cleaning, degreasing, iron phosphate and coating parts.

There is a 50% additional charge for colors such as clear coats and translucent/anodized/candy colors due to being a 2-step coating process. Please give us a call or email us if you are unsure if this applies for your powder coating project.

*Requires use of High Temp coating such as our Ceramic Coating that withstands up to 2000 degrees.

All prices are estimates only and pricing will depend on the amount of prep work involved. Cast aluminum and magnesium parts may experience out-gassing and/or bubbling in the finished powder coating. We will take every precaution to avoid out-gassing; however we cannot be held responsible for bubbling caused by porous coatings.

Each piece must be disassembled or additional charges will apply.

If you do not see a part listed that you would like to have powder coated, [contact us.](#)
